Finance.

BMW Financial Services offers you a choice of car finance options to help you get behind the wheel of a new or used BMW. At every BMW Centre, you'll find a BMW Financial Services specialist who can talk you through the options we can provide. These will depend on whether you want the option to own the car at the end of the agreement or just lease it. The difference will be explained to you to help inform your decision. Once you've chosen the finance package that suits you and your

budget, we'll do the rest. From paperwork and phone calls to delivery arrangements, we'll handle all the details and do everything to get you on the road as quickly and easily as possible.

2025 BMW M850i xDrive Coupé

The technical data specified applies to vehicles in the Canadian market. The models illustrated may, in part, include optional equipment and accessories not fitted as standard. According to the specific requirements of other markets, alterations may occur regarding models, standard and optional equipment as described in the text and illustrations. For additional information, please contact your BMW Retailer. Subject to change in design and equipment. Subject to error.

*The Build & Price experience is an ongoing development and is for informational purposes only and in no way constitutes an offer to buy or sell BMW vehicles. Any sale, lease or finance of a BMW vehicle shall be subject to the terms and conditions of the applicable contract. Actual prices and available options are subject to change and may vary from the summary listing. Prices and specifications shown are based on Manufacturer's Suggested Retail Price (MSRP). Retailers are free to set individual prices. Freight & PDI, options, retailer administration fees, applicable levies (air conditioning tax, tire tax and fuel tax) and motor vehicle industry fees, and administrative fees are included for each province in the Total Selling Price, which is the summation of the MSRP plus all applicable fees based on the province selected. Licensing, registration, and applicable taxes are extra. Pricing based on a cash transaction. Finance and leasing offers are also available. All illustrations and specifications are based on the best available information at the time of posting. Images shown may not be Canadian specification. We do not warrant the accuracy, completeness, reliability or currency of such descriptions. See your authorized BMW Retailer for further details. BMW Canada Inc. reserves the right to revise pricing and/or specifications at any time without notice. Fuel consumption is derived in accordance with relevant Canadian Federal Test Procedures.

[2] Third-party offers are invoiced directly by the third party.

The prices quoted are non-binding recommendations of the manufacturer, excluding taxes and excluding installation costs.

The mild hybrid technology serves to recuperate the kinetic energy during braking and supports the combustion engine during acceleration. This reduces fuel consumption and emissions while giving you a dynamic advantage. The mild hybrid technology also makes the Automatic Start/Stop function much faster and much more comfortable.
